

The Library Collection 2015

Market leading library specialists

We have an impressive product portfolio and the capability to manufacture bespoke solutions where appropriate.

TODDS specialise in creating dynamic libraries and learning spaces in libraries throughout the UK and abroad.

CONTACT US for a full and **FREE**, no obligation library planning and design service.

“Working with you to realise the full potential of your library”

Promotion & display freedom

Effective displays are an essential ingredient in today's engaging library environments.

Dynamic displays for all library & learning spaces

- Free standing display units
- Display units with storage
- Audio visual display units
- Wall mounted and free standing notice boards and book displays

Signage

We offer a complete library signage service, designed to complement new and existing library and learning spaces. Signage provides a unique opportunity to facilitate enhanced branding and improve the customer experience.

Graphical solutions

Our graphical solutions service enables the easy creation of vibrant themed, co-ordinated or branded areas, unique to your library or resource centre.

Graphics for street presence

Graphic for branding

Traditional flat shelf

Tilted at a slight angle

Display setting

ratio library shelving

A premium traditional library shelving system, Ratio uses only the finest quality materials and is an ideal choice for premium projects where results need to reflect visitor expectations.

uniflex library shelving

Creating a library's unique image requires individual solutions.

With a choice of elegant wood, cool glass and understated metal finishes – UNIFLEX offers the shelving framework to portray the right image for your library, whatever design treatment you require.

Bespoke

As a manufacturer, we are able to provide a bespoke shelving service, meaning that we can work closely with architects and designers to apply unique design treatment to any shelving and furniture project.

If you are looking for ideas or inspiration for your library or would like to see what can be achieved with bespoke solutions, we can help.

Childrens' areas

- Create engaging and safe library areas for children
- Appealing interiors that will attract children and adults alike
- Fully co-ordinated, functional and durable furniture solutions, designed for your library
- Choose from a range of special size furniture, shelving, soft seating and kinderboxes
- Bespoke furniture and interiors can be tailored to your needs

Themed areas

- Create areas that are themed to promote your local heritage
- Create visually appealing areas that are secure and contained
- Themes can be co-ordinated across shelving, furniture, flooring and wall coverings
- Ideal for childrens' areas – Capture a child's imagination by creating castles, jungles, ships etc. for maximum appeal and impact

Reception desks

- Create a dynamic first impression with a reception desk manufactured by FGLP
- Create a reception area that is sympathetic to the architecture or interior of your library
- Utilise our extensive design and manufacturing experience to create a bespoke solution
- Durable, attractive and versatile modular library receptions are also available

Service points

- Create service points that suit the needs of your staff and customers
- Facilitate easy and informal interaction between staff and customers
- Various service point options available to enhance the visitor experience
- Keep footprint to a minimum with specially designed pods
- Choose from a range of mobile or static styles in colours to suit your library interior

Study and IT Furniture

- Choose functional, durable and attractive furniture solutions
- Extensive range of traditional and contemporary furniture and desking
- Wide range of standard products specifically designed for libraries
- Bespoke solutions available for IT provision in small spaces or to fit with existing interior structure

- Integrate desktop technology into furniture using our patented remote controlled system
- Create user friendly and dynamic learning spaces whilst reducing the impact on the environment
- Create clean, aesthetic lines with no clutter or visible cables
- FG technology can be integrated into desking and bespoke IT stations with ease

Soft seating

- Create dynamic and colourful learning spaces with soft seating
- Choose from an extensive range of contemporary and traditional soft seating products
- Casual seating includes module units, wood and metal framed options
- Work with our designers to achieve the highest quality results
- Quality fabrics ensure durability and colour co-ordination

Flooring/carpets

- Choose from an extensive range of high performance flooring
- Use flooring to define specific areas
- Create movement through learning spaces, helping visitors to flow easily
- Reinforce your brand identity and co-ordinate colours for maximum impact

Design excellence

Commissioning your ideal library need not be a daunting task

- Our experience and commitment ensures unparalleled levels of service and attention to detail from our initial consultation to the complete installation
- Whatever level of service you require and whatever the scale of your project, we are on hand to guide you through every step of the way

Environment

Sustainable development has always been an integral part of our design process

We are committed to creating a better environment, through:

- The strategic planning of our business
- By continually reviewing and improving our activities, products and services

Sourcing of materials

Wherever possible we aim to manufacture products using recyclable materials and/or materials which have a valid chain of custody certification.

Efficient production and installation?

We strive to minimise all energy usage wherever possible and constantly review all of our practices to reduce, reuse and recycle our waste wherever possible. We utilise minimal packaging ensuring minimal wastage. All pallets are returned to the factory for re-use. Waste steel is recycled. Wood off-cuts are used in our certified carbon neutral wood burner.

Greater longevity

Modular design minimises wastage, provides cost-effective solutions and facilitates the refurbishment and maintenance of our products. Wherever possible we ensure that our products are fully relocatable.

Cradle to the grave...

All of our products are manufactured from recyclable materials wherever possible.
